I AM NOT ASHAMED! I share this picture everywhere I go, to let people know that what happened at the Capitol IS NOT - what the media says it is! Fuck antifa, fuck BLM, fuck the FBI, fuck Our Government! Like I said thousand times since the 6th - no matter what happens, We Are Not Going Away! (media.patriots.win)

27 My husband shared a photo of himself outside. He's now been reported to fbi, in the local news and fired from his job.

17 I'm sorry for your husband. Would it be worth sharing which company if it's possible for us to boycott them? If he hasn't been charged, nor broken any laws that's beyond ridiculous.

6 I understand. I'm so sorry to hear about your husband, but I'm glad you have someone who isn't afraid to protest and make his voice heard. Non-violent prosecutors shouldn't be targeted like that.

I am sorry to hear that. At this point in time, I just don't care anymore. If they want to come and get me they can come and get me. I will not be silenced, I will not be ashamed, I will not sit down, I will not shut up! I'm willing to put myself out there, so others will feel empowered to do the same. I'm sorry that happened to your husband though that's a bunch of fucking bullshit! I stand with him!

8 Blue hair too. You're perfect. Exactly like everybody imagines Biden voters. :D

▼ And that DOES make you perfect for what you are asking. Of course just seeing somebody unlike they - the useful fools, not the hardcore, but a lot of the big government fans are just useful fools - imagine on the other side of that divide will not cause instant conversion of anybody, but it might cause a little chink in their armor, and enough of those and some will start to question, and maybe examine, and perhaps finally realize THEY are the ones who have been duped.

Baby steps. That can often work better, especially with the young, than trying to force them to open their eyes.

You guys need to start using ALL the tactics you can think of, not just the big obvious stuff concerning politics and protesting or whatnot, but also down to the very small which may take decades before it starts to show any noticeable results.

4 It's funny, because you're right about this mind set! Quite often when I go places, and I know that they are

supporters are not what the main stream media makes us out to be! When I am out and about, especially when I was in Washington DC, I was upbeat, cheerful, friendly, and tipped very well with the hotel staff!! I wanted to make sure that I sent a message to everyone that I came in contact with that day - that Trump supporters are all of those things I mentioned above! I consider myself an ambassador for Donald J Trump, and for American values! If in anyway I can cross the aisle to try and reach One single person, I will do it! I will continue to expose the truth of what happened January 6, 2021 at the United States Capitol building - even if that means exposing myself! God bless America!

5 Reminder not to self doxx yourself EVER on this site or any other. NEVER EVER post pics of your family or your home or your vehicle in political context and of course never post pics of yourself at something like this and if you go to one in the future, be sure to wear a mask.

Let them come for me! I will scream all the more louder! And believe me I've got a huge loudmouth! Thanks for the advice though!

Yeah I know huh? I've been coloring my hair before coloring your hair was popular! It's been blue, pink, purple, you name it! Liberals have given colored hair a bad name. I wanted to put red stripes in it, but I would have to bleach it and it really damages it! So I just went with blue to match my coat! I am a 100% red planet American woman! I knew Trump was going to win when he ran for president, and I think he kicked ass and took names! I am a proud American blue hair and all!

Don't buy into the narrative. We did not "storm" the capitol. We had a peaceful protest and many covert antifa instigators arrived before we did to attack police.

ThisIsHowItStarts [S] 4 months ago +3 / -0

I know that silly I was there! There is so much evidence, pictures, videos, and other comments from police who were sent home that day. If everybody doesn't know, that we were infiltrated, and they're the ones that caused the damage, then they're just asleep. I'm hoping posting pictures like this will help awake the masses that I've been brainwashed all these years. I have posted pictures and videos on my Facebook, I am not afraid! Fuck the FBI! It would not look good for them to send a Smurf to jail!

Stop clutching your pearls and giving the victory to faggot Antifa... patriots stormed the capitol.

[permalink](#) [parent](#) [save](#) [report](#) [block](#) [reply](#)

CertainlyNotEdward 4 months ago +2 / -0

No, really. I was there and we patriots protested wherever the cops *let* us. We did not commit violence or force our way in (aside from ignoring the waves of tear gas on the steps) and in fact many tried to do something about the antifa motherfuckers that were agitating.

It was only afterwards that I found out through video that those motherfuckers were actually getting very violent with the cops while Trump's speech was still going on.

Likewise! I'm pretty sure 3/4 of the people outside had no idea what was really going on inside, till much later, or until other people were checking their phones, or people were calling to make sure that they were OK. I didn't even know somebody got shot until somebody walked by and she was shot her in the neck. Still had no idea what happened! The MSM totally blew this whole thing out of proportion! It was the best day of my life, and nobody will ever take that away from me

Okay, explain how a 14 year Air Force veteran was leading the charge and was killed by police....
I was watching live streams as it happened, getting a great mix of vantage points and seeing who was on the front line pushing through the cops and into the capitol... it was 90% patriots. Hell they were singing the national anthem while trying to push their way into the doors, Antifa doesn't know the words to the national anthem.
